14. Sri S. Banerjee, SE, Damodar Irrigation Circle
15. Sri P.K Basu, SE-II, Kangsabati Circle
16. Sri J. Das, SE, North Irrigation Circle-II
17. Sri P.P Nath, SE, MD Circle
18. Sri M. Chakraborty, SE, Eastern Circle
19. Sri P.K Patra, SE, IP Circle-I
20. Sri D. Maulik, SE, Subarnarekha Barrage Circle
21. Sri K.J Pal, SE, Purulia
22. Sri S. Chattopadhyay, SE, Mahananda Barrage Circle
23. Sri G.C Dutta, SE, Subarnarekha Canal Circle
24. Sri G. Patra, SE, North East Irrigation Circle-II
25. Sri D. Pal, SE, North Bengal M&E Circle
26. Sri A. Gangopadhyay, Executive Engineer attached to office of Principal Secretary.

The meeting was presided over by the Hon'ble Minister-in-Charge.

New Core State Plan works: It was decided in the last Review meeting held on 14.07.2016 that Finance Department would be approached to augment Core State Plan Budget for 2016-17 by around ₹ 200 crore out of which a sum of ₹ 120 crore is proposed to be augmented under plan maintenance head for clearance of outstanding liabilities of emergent palliative works undertaken during 2015 monsoon, as part of SDRF since SDRF allocation is not likely to be made available. Further ₹ 80 crore would be kept for expenditure for remaining new schemes identified in this meeting.

2. In the current financial year, 11 no. of schemes at a cost of ₹ 16.54 crore have already been administratively approved. A tentative sum of ₹ 64 crore will be earmarked for new schemes relating to 'Road Map' for renovation of Dams/ Barrages/ appurtenant structures and renovation of office &

residential Campus/Rest Sheds and Inspection Bungalows etc and development of infrastructure and construction of boundaries / fencing etc. with a phasing of ₹ 16 crore (25%) to be kept in this current year. This would be accommodated within original budgetary provision.

3. After a threadbare discussion with all Chief Engineers and the Superintending Engineers present, the list of schemes annexed herewith were identified for posing under Core Plan in this current financial year of 2016-17:

At the first instance, a total of 9 no. of new major committed projects as detailed under Annexure-I having a rough aggregate estimated cost of ₹ 201.52 crore were identified, as priority projects.

A further list of 135 no. of new projects, spread over various districts were also short listed having a total rough estimated cost of ₹ 212.15 crore, as detailed under Annexure-II.

4. It was decided for augmentation of Core State Plan budget to accommodate the 144 no. of new schemes thus identified having rough aggregate cost of ₹ 413.77 crore with a financial phasing of ₹ 80 crore in the current financial year (approximately 20% of the total cost). Although there is no requirement of additional fund over budgetary provision right at this juncture, Finance Department would be approached to accord in-principle concurrence towards augmentation of budget in due course, as and when required against the respective heads of account, upto the ceiling limit of ₹ 200 crore, ₹ 120 crore for clearance of SDRF liabilities and ₹ 80 crore for the new schemes.

Once the concurrence of Finance Department is received, the new projects would be processed for administrative approval by end of September 2016. After tender process is completed, all work orders should be issued latest by 31.10.2016. In case of new RIDF-XXII projects which are likely to be sanctioned within September 2016, tender formalities may be taken up immediately after such schemes are sent to Mumbai office of NABARD which would be informed to the concerned Chief Engineers by the Nodal Officer of this Department.

5. The next Departmental Monitoring Meeting to review decisions taken will be held on 07.11.2016

The meeting ended with vote of thanks.

Enclo: Annexure-I & II

(Naveen Prakash)
Principal Secretary to the
Government of West Bengal

Annexure – I

List of major committed projects in irrigation and flood management sectors

#	Name of the scheme	Status of preparedness	Estimated Cost (Cr. of Rs)	Tentative expenditure in 2016-17 (Cr. of Rs)	Justification of taking up of the scheme
1	Safety Audit for all dams, barrages and major bridges owned and maintained by the Irrigation & Waterways Department (to be done by premier Consultancy Organization of Government of India).	Offer received from WAPCOS Ltd. against RFP issued by the Irrigation & Waterways Department is presently under scrutiny.	12.50	4.50	Health check up of 33 Dams, 30 Barrages and 40 major RCC Bridges having length of 25m or more, all completed decades back, is urgently required in accordance with the Manual of CWC / BIS / IIRC from safety point of view, as a few of the structures have started exhibiting signs of distress. Failure of any one of these would lead to colossal damage.
2	Coastal protection and beautification at Digha from Sea-Hawk Golai (5.35 km) to Mohana (7.08 km) for a length of 1.7 km in Block Ramnagar-I, P.S. Digha Mohana Coastal, District Purba Medinipur.	DPR ready	45.36	10.00	Coastal protection works along with beautified marine walkway for a length of 6.35 km & further 3.5 km in Shankarpur area from Old Digha to Udaypur (Bengal Orissa Border) was completed in 2013-14 at a cost of Rs 86.81 crore. Work saved Digha from severe coastal erosion and the beautified walkway along coast line has been an added attraction for tourists. The proposed work, basically a continuation of the existing work in the gap portion upto the eastern boundary of Digha, would prevent the unabated erosion presently going on, causing loss of sand dune, jhau trees, private land and properties.

#	Name of the scheme	Status of preparedness	Estimated Cost (Cr. of Rs)	Tentative expenditure in 2016-17 (Cr. of Rs)	Justification of taking up of the scheme
8	Anti-erosion measure at scoured bed of river Dauk adjacent to the launching apron at downstream of Dauk Barrage in P.S. Chopra, District Uttar Dinajpur.	DPR ready	6.00	4.00	Downstream portion of Dauk Barrage at the crossing of Mahananda Main Canal were severely damaged in 2015 due to passage of high flood and other reasons. Restoration works already taken up to stabilise the barrage. This work is the last phase of the restoration programme.
9	Resuscitation of Short Cut Diversion Channel of length 11.65 km from Thalia to Buxi in Block Amta-II & Bagnan-I, P.S. Joypur, District Howrah.	DPR ready	30.50	7.62	Easement of passage of flood water through Damodar River.
