Agenda: Clearance of 43 new schemes for accordance of administrative approval under State Development Schemes Budget of this Department during 2018-19 out of 2nd phase of Departmental allocation made on 28.05.2018 and special funding approved under Infrastructure Gap.

Secretary took the chair. Financial Advisor, Chief Engineer (North East), Chief Engineer (North), Chief Engineer (South West), Chief Engineer (South) & Chief Engineer (Design & Research) and other officers remained present.

The following were discussed:

1. Technically sanctioned DPR of 52 no. new schemes at an aggregate cost of Rs. 147.23 crore were initially placed for approval. Another scheme relating to Pre-fabricated Bridge construction out of Infrastructure Gap funding was included during discussion.
2. The DSC scrutinized all the DPRs in conformity with the Departmental manuals for lining works and those for bank protection works.
3. After a threadbare discussion 35 No. of schemes at an aggregate cost of Rs. 97.44 crore were recommended by the DSC for accordance of administrative approval.
4. Further 8 No. of schemes at an aggregate cost of Rs. 80.97 crore were cleared under Infrastructure Gap funding. Out of these Infrastructure Gap funded projects, scheme under Sl. 1 to 7 of Annexure-II shall involve partial funding out of Departmental (Voted) Budget and the balance cost to be made out of Infrastructure Gap funding in addition to original voted provisions. The scheme under Sl. 8 would be 100% funded under Infrastructure Gap funding provisions. During discussion Deputy Secretary (Works)-I

stated that technical sanction of the scheme for construction of 31 no. of pre-fabricated bridges in Bankura & Birbhum Districts listed at Sl No. 8 in Annexure-II would be accorded only after obtaining technical vetting of the sub-structure design by the Central Design Office, which is still pending. He elaborated that all the 31 bridges have been identified keep in into consideration that availability of approach roads, Government land required for centralized manufacturing and encumbrance free land at proposed bridge locations. The DSC on above considerations accorded in-principle clearance to the said project. However, tenders would have to be invited only after obtaining vetting of CDO and technical sanction thereof. Administrative approval proposal would be moved thereafter to the Finance Department. Only after obtaining a formal administrative approval, tender may be accepted and work order issued.

5. Deficiencies in 10 No. projects listed at Annexure-III were identified with an instruction given to the concerned Chief Engineers to rectify those for resubmission in next DSC meeting.
6. Nomenclature of a few schemes was modified to make them commensurate with the capital works and some minor corrections were incorporated.
7. All the Chief Engineers certified that there is no duplication of proposal with any other sources of funding, and all the schemes have been selected by them on the basis of prioritized ground level requirements.
8. Finally 43 (forty three) no. of new schemes at an aggregate cost of Rs. 178.41 crore were cleared by the DSC (comprising 35 no. of schemes at a cost of Rs. 97.44 crore at Annexure-I and 8 no. of schemes at an aggregate cost of Rs. 80.97 crore at Annexure-II) for inclusion under State Development Schemes Budget and special allocation against approved projects of Infrastructure Gap funding.

The meeting ended with vote of thanks.
